# The Complete Laundry & Dry Cleaning Solution

## The ultimate equipment portfolio for commercial dry cleaning and professional laundry services.

Step into the future of professional textile care with our integrated suite of solutions. Featuring the industry-leading Pony pressing machines for flawless garment finishing, powerful Rotondi packing equipment for maximum efficiency, and intelligent handling systems from Fabcare, our lineup ensures every step, from pressing to packaging, is handled with precision. Invest in technology that guarantees superior quality, minimizes labor costs, and sets your laundry or dry-cleaning business apart.

### Washing & Drying Excellence Speed Queen.

- Built to Last: Industrial-grade washers and dryers engineered for continuous, heavy-duty use.
- Unrivalled Efficiency: Low water and energy consumption to significantly cut utility costs.

### Professional Finishing

- Perfect Pressing: Achieve a flawless, wrinkle-free finish on all types of garments.
- High Throughput: Designed for speed and consistency to handle large volumes quickly.
- Ergonomic Design: Intuitive controls and comfortable operation reduce operator fatigue.

### Packaging & Handling

- Optimized Flow: Fabcare garment conveyor systems streamline the process from cleaning to delivery.
- Secure Packaging: Rotondi machinery provides fast, clean, and professional packaging for customer readiness.
